

A woman with her hair in a bun, wearing a black sleeveless top, is shown in profile from the chest up, smiling as she plays a piano. The scene is dimly lit with warm, golden light, typical of a jazz club. The piano keys and part of the instrument are visible on the right side of the frame.

SPONSORSHIP PACKAGE

2017 BALLARD JAZZ FESTIVAL

“Not all festivals improve with age, but the Ballard Jazz Festival is an exception...[it] has become a distinct and essential event.”

- THE STRANGER

The 2017 Ballard Jazz Festival is quickly coming together and we're excited to be able to continue our now 15 year relationship with Seattle businesses and civic & arts groups in producing one of the Northwest's truly unique cultural events.

Started in 2003 to highlight the thriving neighborhood of old town Ballard and Seattle's world-class jazz musicians, the Ballard Jazz Festival quickly grew into an internationally recognized festival featured worldwide in print and web publications. Our program for this season promises to continue on that path with more music than ever as we further our relationship with many of Ballard's iconic institutions.

For a week in May, all eyes and ears will focus on Ballard. Through attention from regional jazz radio and features in local print and TV media, it is the community of Ballard that shines by their support of the festival as it benefits from over 2000 attendees arriving for dining, shopping, music and mingling, along with ever-increasing numbers of out-of-state tourists who have made the Festival a destination event. In addition to all of the auxiliary spending by our attendees, 85% of festival revenue is pumped directly back into the local economy.

With the support of our business and civic partners, we expanded from 2003's single night Jazz Walk with six clubs, to four days of music involving 100+ performers, 15 performance venues, concerts, educational events, and more. That many of our sponsors have been on board since the beginning is extremely gratifying, and together, we have created a unique and exciting event that the community can take great pride in.

Please take a moment to review the Sponsor Package and consider joining us as a sponsor of the Ballard Jazz Festival.

The “coolest neighborhood in the world”

“...what struck me was the level of community involvement and pro-activity for the arts: in corporate sponsorship, national and local artist participation both professionally and academically, citizen attendance; and the positivism of all involved. Although not surprising for Seattle, the Ballard Jazz Festival was simply a really wonderful time ...”

- JAMBASE.COM

In 2003, after five years of running Origin Records, drummers John Bishop and Matt Jorgensen had an idea for a jazz festival in downtown Ballard.

“I always thought this was the coolest neighborhood in the world, and after moving back home to Seattle after 10 years in New York City I knew it was the right time to create something here,” said Jorgensen.

Originally presented as a one night event during the three-week Earshot Jazz Festival, the curating responsibilities were given to Bishop and Jorgensen to create an event that featured musicians from the thriving regional jazz scene. At that first event were members of the Ballard Chamber of Commerce who jumped at the chance to partner with the duo and create their own festival in Ballard. The following November 2003, the Ballard Jazz Festival was born as a one day event, featuring clinics and workshops for dozens of jazz students, performances by area High School jazz bands, a headliner concert with New York artists: The Brian

Blade Fellowship, the Vincent Herring Quartet, and Nancy King, concluding with music into the late night with a Jazz Walk along Ballard Avenue.

Since then, the Festival has expanded to four days with the Jazz Walk growing to 12 venues and jazz artists from New York, Los Angeles, Paris, Detroit, Barcelona, Chicago and more making the journey to Ballard. More importantly to Bishop and Jorgensen, each year they feature over 100 regional jazz artists who are critical to the health and vitality of the

Northwest art scene. As Bishop says, “These are musicians who are playing around the region every week and to be able to give them the spotlight is highly rewarding.”

Their efforts have not gone unnoticed. In 2008, Origin Records was presented with HomeStreet Bank’s “Great Neighbor, Great Business” Award for their work in presenting the Ballard Jazz Festival. On the artistic side, Festival

concerts have been nominated for four “Golden Ear Awards” for Northwest Concert of the Year, winning in 2005 for the Joe Locke / Geoffrey Keezer Group’s performance. A recording of the concert became a critically acclaimed international release for Origin Records with videos of the event viewed by tens of thousands around the world.

“The Ballard Jazz Festival events combined to create a glowing sense of pride in a community aflutter with first-time festival success stories - a sense of pride not lost on the out-of-towners. The headliners openly praised festival presenters John Bishop and Matt Jorgensen of Origin Records and the Ballard Chamber of Commerce.

- ALL ABOUT JAZZ.COM
